Security Camera Installer

Do you know how to hang security cameras and install security systems? Do you work cooperatively and work well with everyone? Are you willing to help out other departments on an as-needed basis? If so, read on!

Located in Hillsboro, NH, we're a diversified telecommunications company seeking a Security & A/V Installer with a focus on security camera installation to include programming and associated cabling. We seek an Installer who can hit the ground running once s/he joins our team. This full-time position requires approximately 95% of on-site, in-the-field time, primarily in New Hampshire and Vermont.

Offering competitive wages commensurate with experience, and benefits upon eligibility, this opportunity is for someone with a good work ethic and good communication skills. Your demonstrated knowledge includes technical duties in:

- Installation of copper, voice, video, data, and security cabling as needed.
- Proper installation of security equipment such as cameras, card readers, and associated components.
- Maintaining a safe environment while balancing esthetics with appropriately anchored, structurally-sound fastening of mounted equipment and associated components.
- Demonstrating customer rapport by listening to and escalating questions and/or concerns.
- Meeting documentation timeframe and completion standards for timesheets, company forms, etc.
- Maintaining a safe work environment by following training, direction, and standards, as well as working safely by following all safety policies and procedures inclusive of maintaining a safe driving record.

Required Education and Experience

- High School diploma or GED equivalent
- 1 – 2 years of experience installing copper, voice, video, data, and/or security cable, or equivalent.

Additional Desired Skills

- Working with guided direction and supervision
- Remaining neat and organized
- While not necessary yet lending to additional eligibility, current access control, IP, and analog CCTV camera systems, and/or A/V manufacturer's certification.
